

REPTILES

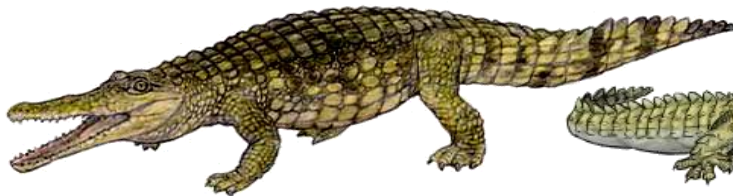

Los Reptiles son los primeros Cordados Amniotas en la escala zoológica. Son Vertebrados poiquiloterms de temperatura variable, algo superior a la del ambiente.

Se dividen en cuatro Órdenes principales, que son:

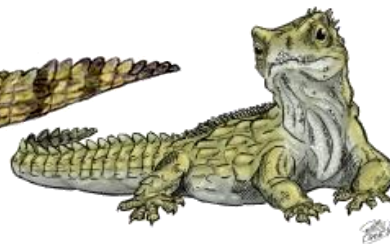

- **Escamosos** (lagartos, camaleones y serpientes).
- **Crocodilianos** (cocodrilos).
- **Quelonios** (tortugas)
- **Rincocéfalos** (tuataras)

REPTILES

SAURIOS

Lagartija colirroja

Acanthodactylus erythrurus

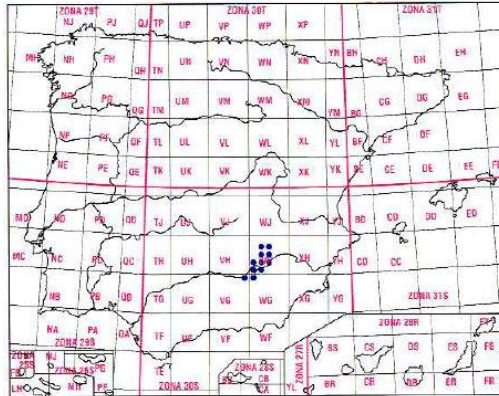

Acanthodactylus erythrurus.

Acanthodactylus erythrurus, Tabernas, Almería, 04.82 (Hermann Schleich).

Acanthodactylus erythrurus (Schinz, 1833)
Lagartija colirroja, Lagartixa-de-dedos-dentados
Sargantana cua-roja (C)

Algyroides marchi.

Algyroides marchi. Alcaraz, Albacete. 05.89 (Albert Bertolero).

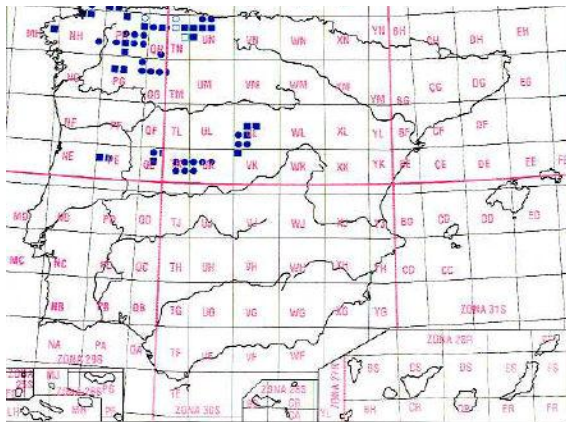

Algyroides marchi Valverde, 1958
Lagartija de Valverde, Lagartixa de Valverde

Lacerta monticola. Sanabria, Zamora. 12.08.93 (Juan M. Pérez de Ana)

Lacerta monticola Boulenger, 1905
Lagartija serrana, Lagartixa-da-montanha
Lagartixa da serra (G)

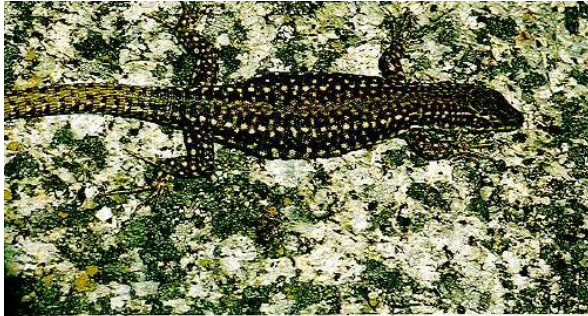

Lacerta monticola.

Lagartija ibérica

SAURIOS

Podareis hispanica

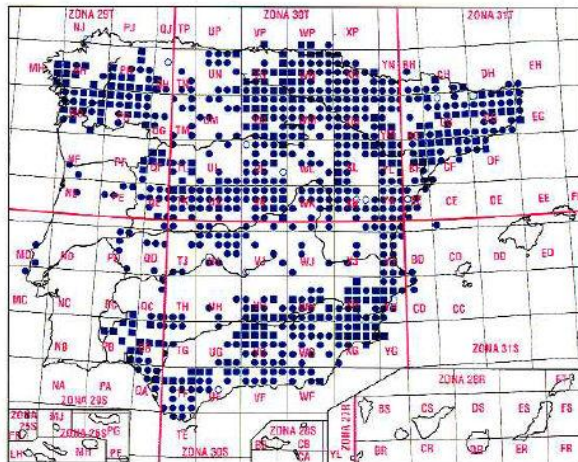

Podarcis hispanica. Macho. Sierra de Gredos. Avila (Miguel Lizana).

Podarcis hispanica (Steindachner, 1870)

Lagartija ibérica. Lagartixa-ibérica

Sargantana ibèrica (C), Lagartixa dos penedos (G), Sugandila ibèria (V)

Podarctis hispanica.

REPTILES

Lagartija roquera

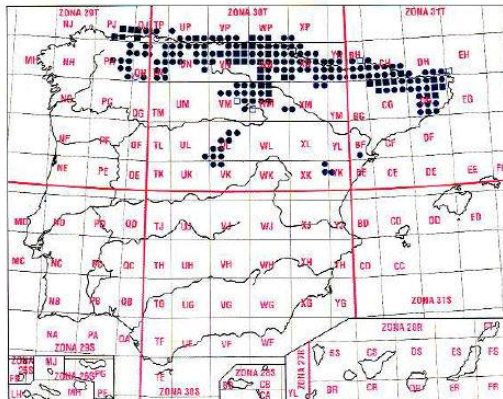

SAURIOS

Podarcis muralis

Podarcis muralis. Selva de Oza. Huesca, 04.94 (Juan M. Pleguezuelo).

Podarcis muralis Laurenti, 1768
Lagartija roquera, Lagartixa dos muros
Sargantana roquera (C), Lagartixa dos muros (G), Horma-sugandila (V)

Podarcis muralis.

REPTILES

Lagartija cenicienta

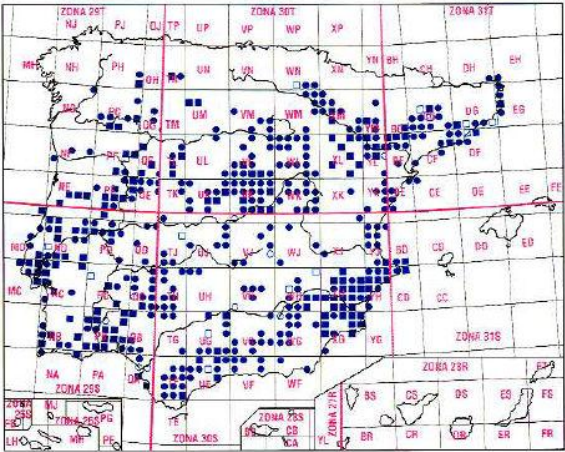

SAURIOS

Psammodromus hispanicus

Psammodromus hispanicus. Aiguamolls de l'Empordà, Gerona, 10.95 (Juan M. Roig).

Psammodromus hispanicus Fitzinger, 1826
Lagartija cenicienta. Lagartixa-do-mato ibérica
Sargantaner petit (C), Espartzudi-sugandila (V), Lagartixa cinsenta (G)

Psammodromus hispanicus.

REPTILES

Lagartija colilarga

SAURIOS

Psammodromus algirus

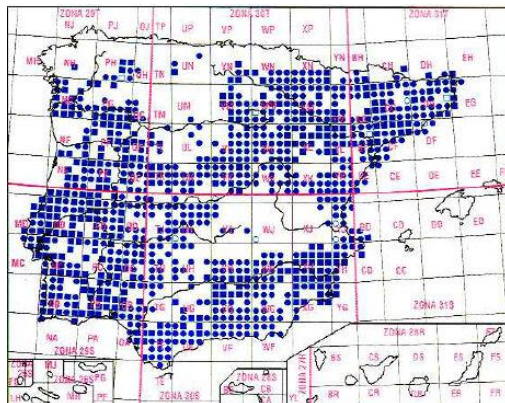

Psammodromus algirus. Hembra. Segovia, 07.94 (Miguel Lizana).

Psammodromus algirus (Linnaeus, 1758)

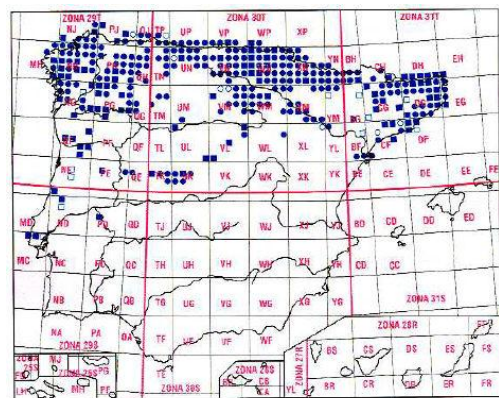

Lagartija colilarga, Lagartixa-do-mato.

Sargantaner gros (C), Txaradi-sugandila (V), Lagartixa rabuda (G)

Psammodromus algirus.

Anguis fragilis.

Anguis fragilis. Galáncos, Vizcaya, 18.06.87 (Juan M. Pérez de Ana).

Anguis fragilis (Linnaeus, 1758)

Lución, Lieranço

Vidriol (C), Zirauna (V), Escáncer común (G)

REPTILES

Eslizón ibérico

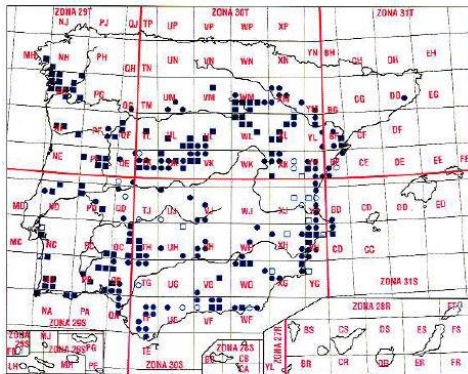

SAURIOS

Chalcides bedriagai

Chalcides bedriagai. El Ejido, Almería, 04-92 (Juan M. Pleguezuelo)

Chalcides bedriagai (Boscá, 1880)
Eslizón ibérico, Cobra-de-pernas-de-cinco-dedos
Lludrió ibéric (C), Eskinko bostatza (V), Esgonzo ibérico (G)

Chalcides bedriagai.

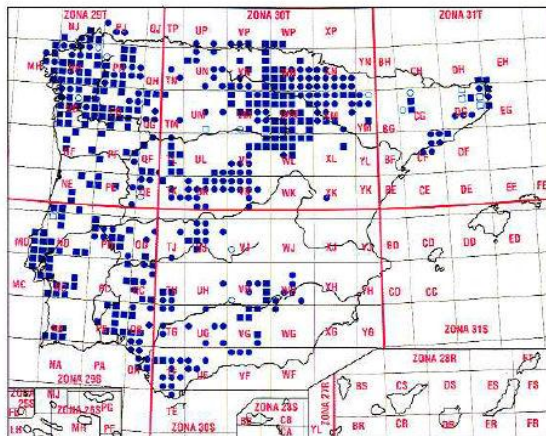

REPTILES

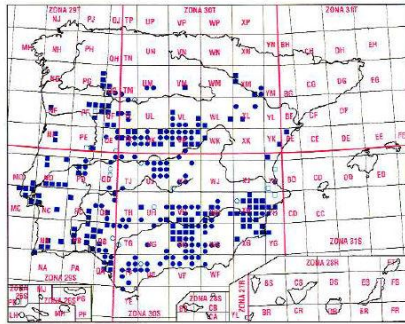

Eslizón tridáctilo

SAURIOS

Chalcides striatus

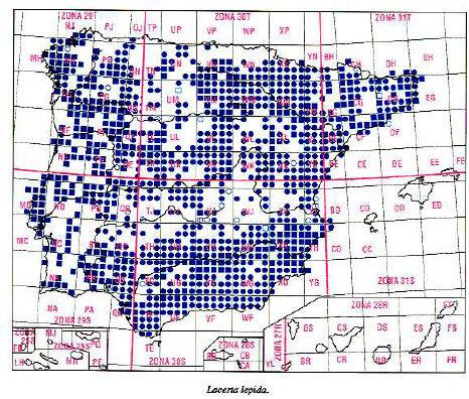

Chalcides striatus.

Blanus cinereus.

Blanus cinereus 6252

Lacerta lepida.

Jose M. Caraballo

REPTILES

Lagarto verdinegro

SAURIOS

Lacerta schreiberi

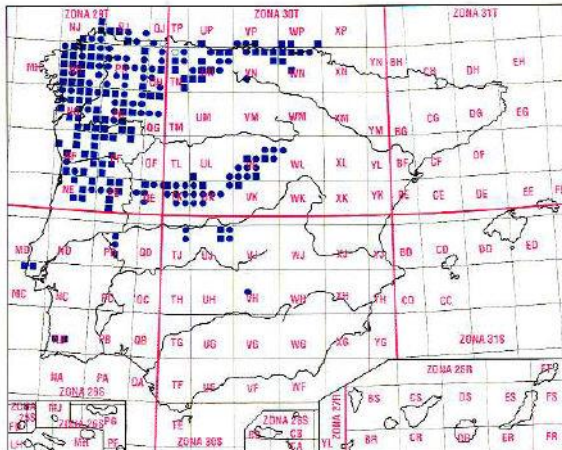

Lacerta schreiberi, Sierra de la Estrella, 07. 91 (Daniel Losparre).

Lacerta schreiberi Bedriaga, 1878
Lagarto verdinegro, Lagarto-de-água
Lagarto das silvas (G), Schreiber muskerra (V)

Lacerta schreiberi.

REPTILES

Lagarto verde

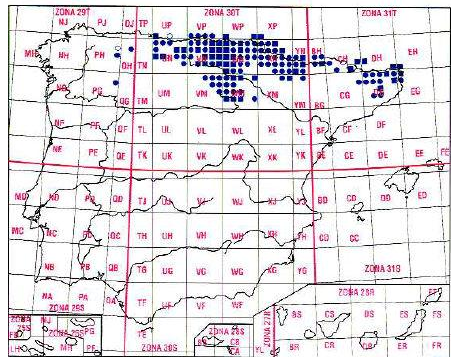

SAURIOS

Lacerta viridis

Lacerta viridis, Neja, Cantabria, 19/09/93 (Juan M. Pérez de Ana).

Lacerta viridis (Laurenti, 1768)
Lagarto verde, Lagarto verde
Muskur berdea (V), Lluert (C)

Lacerta viridis.

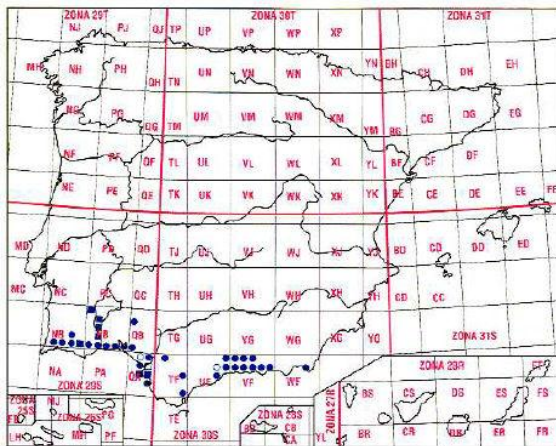

Chamaleo chamaleon

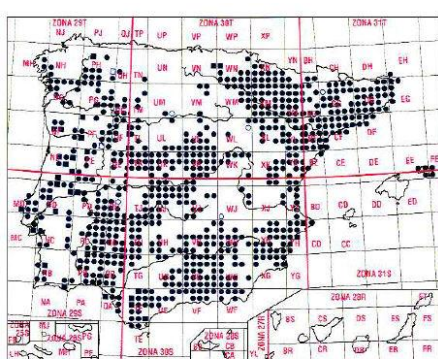

Chamaleo chamaleon. El Porril, Huelva, 05.93 (Daniel Lesparre).

Chamaeleo chamaeleon (Linnaeus, 1758)
Camaleón común, Camaleão.

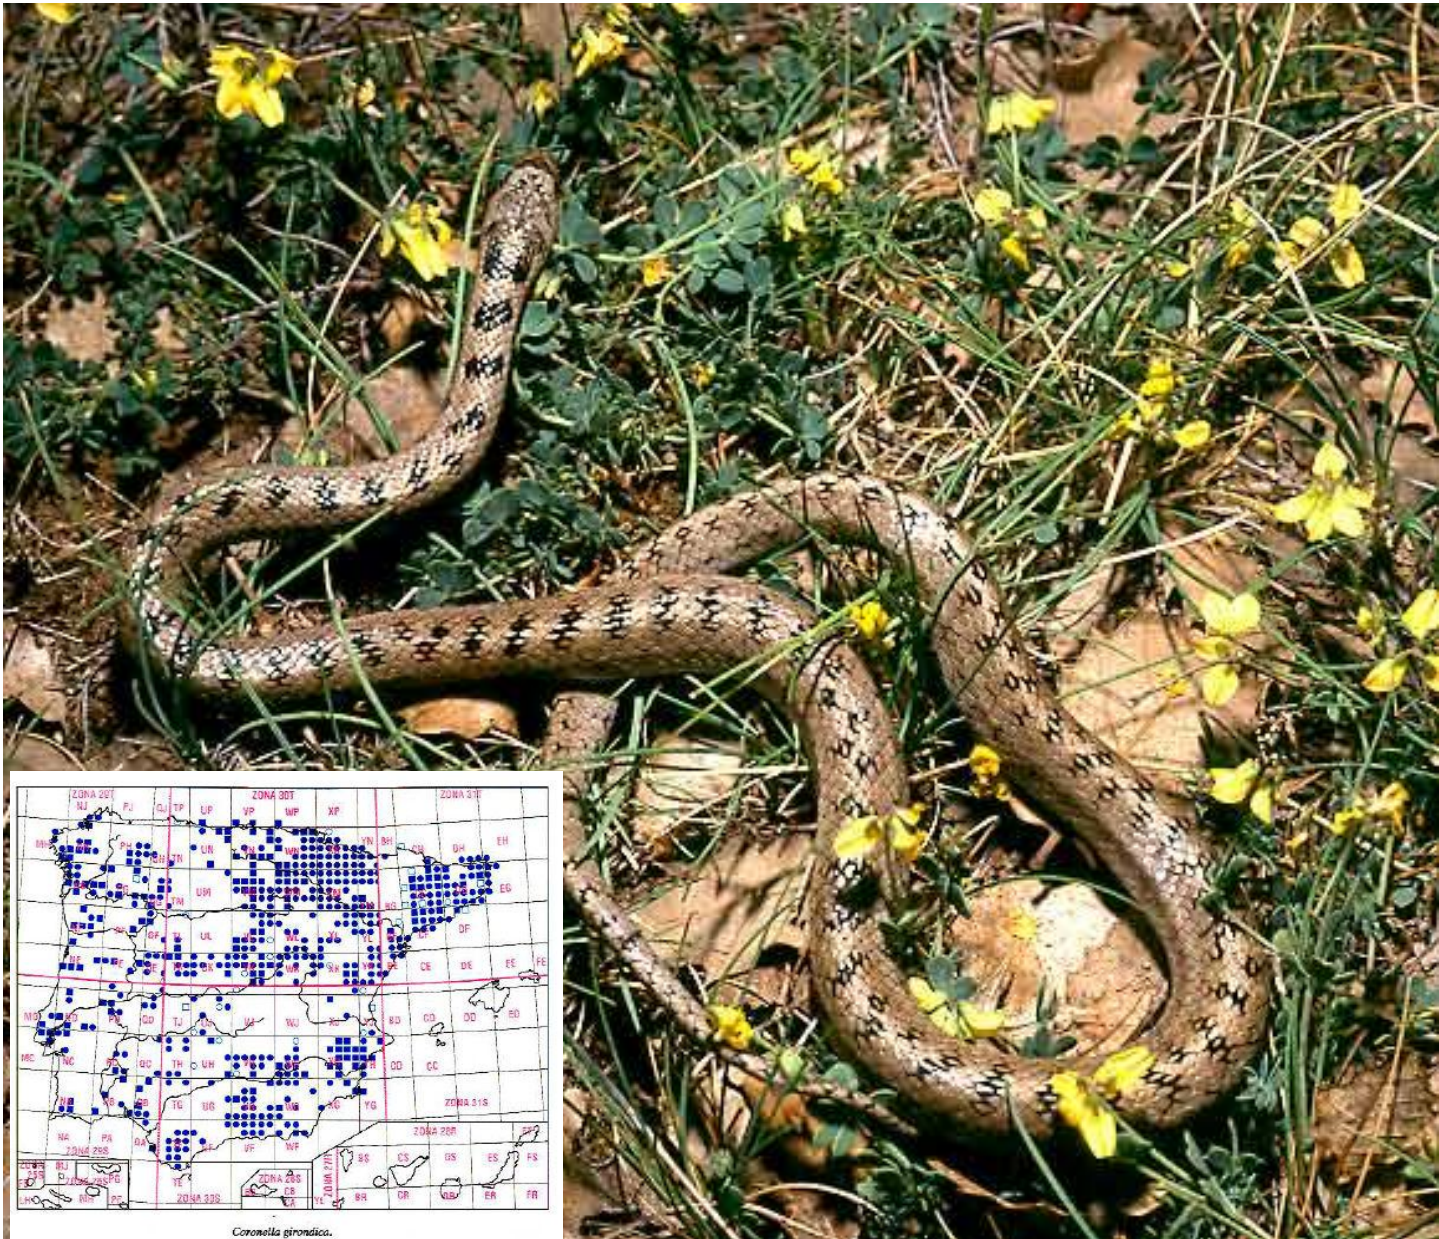

Chamaeleo chamaeleon.

Elaphe scalaris.

Coronella austriaca

REPTILES

Culebra de herradura

OFIDIOS

Coluber hippocrepis

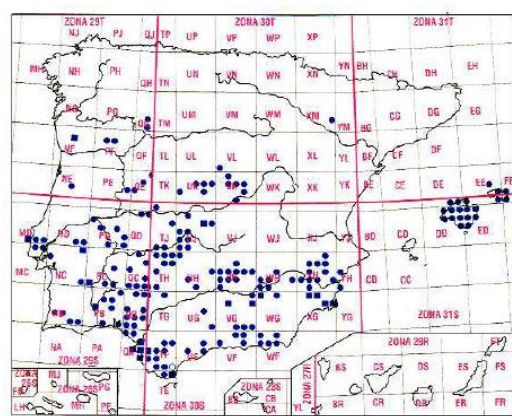

Coluber hippocrepis.

Culebra de cogulla
