

Professor Cristina García Fernández
Universidad Complutense de Madrid (UCM)
PhD, Economics.

The following CV meets the following criteria:

1. Research activity (stays abroad (academic exchange programs), publications, projects, conferences, etc)
2. Teaching activity (teaching in foreign universities, teaching publications, thesis direction, TFM and TFG, teaching evaluations, educational innovation projects, etc)
3. Other merits (management, awards, etc).

PROFESSIONAL EXPERIENCE AND ACADEMIC DEGREES

Full name: Cristina Fernández García
Institution: Universidad Complutense de Madrid
Department: Applied Economics V
Academic Position: Professor, PhD Economics.

Researcher in Euro-Mediterranean University Institute-EMUI (Complutense University of Madrid & Consortium).

Coordinator of International Master in European Union and Mediterranean: Historical, Cultural, Political, Economic and Social Bases.

PhD in Economics and Business Administration
Center: Universidad Complutense de Madrid, April 1998.
Thesis title: Climate Change: An Economic Study.

Graduate Development, Planning and Public Policy.
Center: I.L.P.E.S. (American Institute for Economic and Social Planning), ECLAC (Economic Commission for Latin America). United Nations. Santiago de Chile (Chile), 1991.

Bachelor of Business and Economics.
Universidad Complutense de Madrid 1986-1991.

Updated October, 2017.

1. Research activity (international collaborations, publications, projects, conferences, etc)

ACADEMIC EXCHANGE PROGRAMS

Research stay in the Newcastle University (England) as a Visiting profesor and reseracher in the School of Engineering and Geosciences. Project: Adaptation to climate change in Cities and Coasts: 1-30 Septiembre, 2017.

Research stay in the University of California in Los Angeles (UCLA). Funding: Scholarship “ del Amo” from UCM (Universidad Complutense de Madrid). Research project: Climate Change Adaptation Research Project: A Comparative Study. Time: June, July, August and September, 2015.

XXXII International Course in Development, Planning and Public Policy (post-graduate course). Funding: AECI (Spanish Agency for International Cooperation). 24 June- November 29, 1991. Center or institution ILPES (Latin American Institute for Economic and Social Planning). United Nations. Santiago de Chile (Chile).

Objective and main results: "The evolution of wages and the labour market in Peru: two econometric models."

Economics of European Integration.

Center: London School of Economics. London (England). July, 1990.

Corporate Finance.

Center: London School of Economics. London (England). July, 1993.

Spain and the European Economic Community.

Center: Universidad Complutense de Madrid. Faculty of Economics and Business Administration. Madrid, November 1990- May 1991.

CAREER RESEARCH (PREDOCTORAL)

Construction of input-output tables that allow the structural analysis of special automotive sector ". Funded: ANFAC And UCM. December 1992-December 1993). Activity: preparation of input-output in the automotive sector of the Spanish economy tables.

Evolution of wages and the labour market in Peru: two econometric models. Stay: United Nations Economic Commission for Latin America and the Caribbean (ECLAC). Latin American Institute for Economic and Social Planning (ILPES). Santiago de Chile.

Climate Change: an Economic Study. Universidad Complutense de Madrid. April, 1998). Doctoral Thesis.

POSTDOCTORAL RESEARCH CAREER

Euromediterranean University Institute, (EMUI), from 2015: Climate Change Adaptation and Mitigation Research Project. Investigador principal: Cristina García Fernández.

Ongoing project: Our aim is to study the adaptation and mitigation measures being developed and implemented in the five Mediterranean regions. It will also have a special focus on the areas of water management, sea level rise and impacts on public health in Spain , Europe and the state of California.

EU measures on adaptation to climate change. Director: Federico de Montalvo Jaaskelainen / Carlos de Miguel Perales. Funding: ICADE. Activity to be developed: defining a series of public policies in this area as an adaptive response to the challenges of climate change from the perspective of the impact on people's health. January 2014-17.

Research on students needs and developing a model-guide-DVD for teachers: teaching methodology alternative, based on group "learning by doing "(AHG): fusion group cooperation, action-research and scientist method (project No. 135, Prometheus Program Social Innovation and Educational UCM (Universidad Complutense de Madrid), 2014.

The contribution of public and private services to European growth and welfare, and the role of public-private innovation networks. February 2008-January 2011. Funded: European Commission. Director: Luis Rubalcaba. Activity: analysis of the contribution of services to the new challenges of the environment.

Survey: Analysis of innovation (users and managers) in Madrid hospitals, (January 2003-April 2007). Funded: PUBLIN Research Project. The V Programme of the European Commission. Project Director: Luis Rubalcaba. Activity: contribution to the development of empirical research on innovation in the health sector.

Euro Mediterranean Free Trade Association: Objectives and Targets Ahead (May 2004-September 2005). Funded: European Commission. Project Director: Juan R. Cuadrado-Roura. Activity: direct collaboration in the development of the work leading to the final document delivered to the European Commission.

Drafting of reports of economic, technical, social and environmental viability corresponding to the Segura Basin (sep.2005-June 2006) urgent action. Funded: ACUAMED (Waters of the Mediterranean Basin). Activity: development of methodology for the analysis of economic and financial viability.

The process of collecting information for the report on the recovery of the financial costs of water services in the Segura Basin. Funded: Ministry of Environment and Segura Basin (Framework Directive), January 2004 to October 2005. Activity: identification and

characterization of water services in the Segura Basin. Preparation of reports on the recovery of the financial costs of water services in the Segura Basin.

Cultural Heritage from an economic perspective. Funding: Fundacion Caja Madrid. Project Director: Juan Alonso Hierro. January 2005 to October 2008. Activity: collecting and analyzing data for the expenditure on heritage by the autonomous regions, municipalities and county councils.

Member of the Research Group UCM Theoria (Instituto Complutense (EMUI): Now consolidated research group (ref UCM 940,052) in the corresponding catalog of the Ministry of Education of the Community of Madrid (UCM ref 1391) is formed from more than 100 researches assigned to different Spanish universities and communities.

CONGRESS PARTICIPATION (WITH PRESENTATION OF RESEARCH RESULTS, OR SPEECH COMMUNICATION)

XIII Economic Policy International Conference: "Adapting to climate change in Spain". Rey Juan Carlos University, Madrid, 25-26 May, 2017.

XIX Meeting of World Economy. Lecture: "Adapting to climate change in Spain. Two study cases: Madrid and Barcelona". Universidad Internacional de Andalucía. La Rábida (Huelva). 10-12 May, 2017.

2016 California Adaptation Forum. Lecture: Climate change Adaptation in Europe and Spain. Session: "Picking up the pace: Accelerating Just and Equitable Adaptation in Mediterranean-Climate Cities". September 7-8, 2016.

XVIII Meeting of World Economy. Lecture: Adapting to Sea Level Rise : a Comparative Study between Spain and California. Universidad de Alcalá. Madrid, 1-3 June, 2016

XII Economic Policy International Conference, 2015. Lecture: Exploration of Mitigation and Adaptation Strategies: their Cost and their links with Sustainable Development, May 28-29, Toledo 2015.

European Geosciences Union (EGU). Lecture: Climate Change Adaptation Strategies and Mitigation Policies. SSS2.15 Session, 12-17 de April, Vienna, 2015.

International University Congress on Communication and the University of Today (CUICID). Lecture: A teaching method based on learning. Universidad Complutense de Madrid. 22 and 23 October 2014.

III International Conference on Governance and Public Affairs: slope modernization. Organized by GOGEP and General Foundation of the UCM Lecture: The new role of the European Central Bank in the economic governance of the European Union: The political element. Faculty of CC. Politics and Sociology of the UCM. Madrid, 2-4 July 2014.

XXXIX International Conference on Regional Science: smart growth regions for a smarter strategy: new Challenges of regional policy and potentials of cities to Overcome a worldwide

economic crisis. University of Oviedo. Communication: Climate change and the economic crisis: the carbon tax as a palliative tool. Oviedo, 21 to 22 November 2013.

International Conference on Economic Policy. Faculty of Economics and Business Administration of the Basque Country. Communication Title: Reflections on the carbon tax incentive market in the current crisis. Bilbao 30-31 May 2013.

International Conference: "Climate Change Challenges" ". ICADE, 24-26 February 2013. Communication: Climate change: carbon taxes, cost and economic efficiency. Madrid.

Roundtable: the output of the economic crisis: how to defend Europe's economic and social model? Centre of Excellence Jean Monnet Chair "Antonio Truyol". UCM. Title of participation: "The start of the economic crisis: lines for the future." November 30, 2011.

Xth Economic Policy Conference-XJPE 2011. University of Málaga, 20-21 October 2011. Communication: Climate change: an overview of the most relevant scientific and economic aspects. Málaga.

Fourth Conference on Economic Policy, October 14-16, 2009. University of Granada. Communication: the evidence of climate change. The need for preventive economic policies. Granada.

ASEPELT XXII Meeting, 18-20 June 2008. Ramon Llull University. Chemical Institute of Sarria (IQS). Communication: Comparison between carbon taxes and emission permits under economic efficiency: a theoretical evaluation. Barcelona.

ASEPELT XXI Meeting, 20-23 June 2007. University of Valladolid. Communication: Model climate change: optimization of the cost of reducing emissions.

VIII Conference on Economic Policy, October 25-26, 2007. University of Valencia. Communication: Optimizing the cost of reducing carbon emissions.

Third Conference on Economics and the Environment, April 2000. Presentation: the fight against climate change requires preventive and energy efficiency policies. European University (published by EFE, April 2002). Madrid.

About International Input-Output Techniques Conference ". Faculty of Economics and Business Administration. University of Seville, March 29-April 2, 1993.

INTERNATIONAL CONGRESSES ATTENDANCE

- *Euro-Mediterranean Migration Congress, 26-28 de abril de 2017 - Universidad de Alcalá.* Financiado por la Comisión Europea bajo el proyecto Exomed. Participación como moderadora en la sesión "Migration and Education".
- *California Climate Change Symposium 2015: Using Climate Science to Plan for a Resilient Future.* Sacramento Convention Center, August, 24,25 de 2015. California.
- *Fostering Climate Resilient Coastal Communities.* UCI (University of California in Irvine), 22,23 July. Irvine, California.

REVIEWER OF RESEARCH PROJECTS AND SCIENTIFIC ARTICLES

Reviewer for the Sustainable LA Grand Challenge Research Grants Program, UCLA (University of California in Los Angeles): Review of six projects based on the Sustainable LA goals of 100% renewable energy, 100% locally sourced water, and enhanced ecosystem health and human health and wellbeing in Los Angeles County by 2050.

Reviewer in *Cuadernos de Economía/Spanish Journal of economics and Finance*: preparation of assessment reports on the quality of the original and the suitability of the same for publication.

Reviewer in *Relaciones Internacionales/ International Relations Journal*.

2. Teaching activity (teaching in foreign universities, academic and tuition publications, supervising theses, TFM and TFG, teaching evaluations, educational innovation projects, etc).

ACADEMIC CAREER (ACADEMIC CHARGES)

Assistant Professor

Centro De Estudios Superiores Ramón Carande (1993-1994; 1994-1995; 1995-1996; 1996-1997).

Assistant Professor of Private University.

European-CEES University (from 1993-1994 to 2001-2002).

Professor

University of Alcalá (2002-2003; 2003-2004-2004-2005).

Professor

Universidad Complutense de Madrid (Since 2005).

Since October 2011 Academic Secretary of the Department of Applied Economics.

Researcher in the Euro-Mediterranean University Institute-EMUI (Complutense University of Madrid & Consortium).

Master EUROMED Coordinator: European Union and the Mediterranean: Historical, Cultural, Political, Economic and Social Bases. Master UCM.

TEACHING EXPERIENCE (FACULTY) (DEGREES, GRADES, MASTER AND PHD)

In the European-CEES University (1993- 2002)

- International Economics (4th year).
- International trade (4th year)
- International trade and finance (5th year)
- Foreign Trade (4th year).
- Economics of Natural Resources (4th year)
- Economy and Environment (5th year).
- Structural development theory (4th year).
- Global economic structure (2nd year)
- Economic situation (5th year, quarterly)
- Methodology and project development (3rd year)
- Applied Economics (4th year).
- Economy and environment (2000-01). PhD.
- Myths and realities of the global economy (2001-02). PhD.

At the Center for Advanced Studies Ramón Carande (1993- 1997)

- Global economic structure of Spain (2nd year)
- Economic structure of Spain (2nd year).

At the University of Alcalá (2002-2005)

- Comparative Economic policy I (4th year)
- Comparative Economic Policy II (4th year)
- Political economy and public finances (1st year)

Complutense University of Madrid (UCM)(since 2005)

- International Economics (4th year)
- Spanish economic system (4th year)
- Economic structure of Spain (2nd year)
- Economic policy (4th year,)
- Economic Policy (1st year)
- Introduction to Economics. (1st year)
- Economic policy I (1st year).
- Political Economy II (2nd year).
- Political Economy I (1st year).
- Economy, trade and international financial system. Master in International Relations
- Economics of natural resources and climate change. Euromed Master (Master in European Union and Mediterranean: Historical, Cultural, Political, Economic and Social Bases) EMUI. UCM.

COURSES AND SEMINARS

I Seminar on Economics and the Environment. Lecture: "Climate change: economic aspects". European-CEES University (1998-1999).

II Seminar on Economics and the Environment. Lecture: "Climate change". European-CEES University, 1999-2000.

IV Seminar on Economics and the Environment. Lecture: "The economic consequences of climate change. European-CEES University, 2000-2001.

V Seminar on Economics and the Environment. Lecture: "Climate change: scientific and economic aspects". European-CEES University, 2001-2002 academic year.

Third Conference on Economics and the Environment. Lecture. "The fight against climate change requires preventive and energy efficiency policies." Europea- University CEES. Posted by Agencia EFE, April 2000.

Technical Course on Economic Analysis in the Water Framework Directive. Company: Infrastructure Ecology, SL, 16-27 October 2005.

TUITION PUBLICATIONS

A teaching method based on learning. CUICIID Congress Minute Book. E-ISBN: 978-84-4819-738-4. Ed McGraw-Hill. Date: January 2015.

The Economy of the European Union, in Readings in International Economics (chap. IV). Editorial Complutense. ISBN: 84-7491-540-6. March, 2003.

Manual of Exercises for International Economics. Editorial Synthesis. ISBN: 84-7738-357-5. January 2001.

DEVELOPMENT OF EDUCATIONAL MATERIAL:

Master International UCM-Euromed. Online publication available online ([http // emui.es / Euromed](http://emui.es/Euromed)):

Development of Economic and Ecological Bases module, the Master In European Union and Mediterranean: Historical, Cultural, Political, Economic and Social Bases with the following teaching units:

Didactic Unit I: An introduction to the Natural resource and environmental economy model.

Didactic Unit II: Economic instruments for environmental policy: environmentally related taxes and other abatement Measures.

Didactic Unit III: The economy of climate change: Policies, costs and Consequences.

Publication in the virtual campus of the UCM (moodle) the different teaching units and courses in progress.

Development of the Master's EUROMED website (emui.es/euromed).

DIRECTION OF GRADUATE AND MASTER'S DEGREE DISSERTATIONS

Graduate Projects (dissertations):

Art-alternative financial investments (2002). European-CEES University. Student: Alberto Mis.

The euro. Economic Analysis (2002). European-CEES University. Student: Jaime Cajigas Arribas.

The euro and its implementation in the hospitality industry (2001). European-CEES University. Student: Sonia Sosa Dieguez.

Alternative energy. Fundamentals situation and prospects in the Spanish case, (June 2002). European-CEES University. Student: David Fernández Navarro.

Strategic environmental assessment. (September 2000). European-CEES University. Student: Esteban Flores Barrera.

Taxes and environmental crimes, (June 2001). Student: José Rubén Jure Salabert.

[Doctoral Thesis:](#)

European Environment Agency. The environment in Europe. Europe-CEES University (2001-02). Student: Francisco Javier Perez Sanz.

The Kyoto Protocol and Renewable Energy (June 2002). Thesis. European-CEES University. Student: Juan Carlos Paniagua Zeledon.

Systems for environmental management and design for environment. Accessories needed to achieve sustainability. (2002). European-CEES University. Student: Tormo Vicente Rodríguez.

Municipal solid waste and its impact on the environment (2004). European-CEES University.

Reflection on environmental management (June 2005). Thesis. European-CEES University. Student: Ignacio Luengo-José Villar.

[Master's Dissertations:](#)

Adaptation Strategy to climate change in the European Union. Master en la Unión Europea y el Mediterráneo. European University Institute-UCM. Alumna: Mariia Katraseva. Septiembre, 2016.

Establishing the European Power Plant: a transition to a greener Union? . Master en la Unión Europea y el Mediterráneo. European University Institute-UCM. Alumno: Daniël Peek. Septiembre 2015.

International trade and balance of payments Ecuador. Master in International Relations (International Studies), Universidad Complutense de Madrid, 2009. Student: Eduar Danni Arizala Tenorio.

Business analysis on Portugal 2008. Master in International Relations. UCM (June 2009). Student: Swollen Angeles Parra.

Foreign trade in Hong Kong. Master in International Relations. UCM (June 2009). Student: Ana María Martín Martín.

Graduate Projects (2013-14)

"Vulnerability and energy dependence in Spain: the gas as an opportunity for Spanish foreign policy." Student: Alba Vega Tapia. Bachelor of International Relations.

"Flows of foreign direct investment and internationalization of Spanish companies in Latin A.". Student: Juan Antonio Romero Tenrero. Bachelor of International Relations.
